JAPS OCCUPY TIE PASS.

Marshall Oyama Pushes the Pursuit of the Beaten Army with Remarkable Vigor—Harbin, the only Available Point for Another Stand, is 275 Miles Distant.

Kuropatkin Dismissed.

Bulletin Special.

St. Petersburg, March 17.—An Imperial edict issued today curtly dismisses General Kuropatkin and appoints Linevitch to the supreme command.

St. Petersburg, March 17. — The last hope has gone for it was confidently expected in military circles here that Kuropatkin would succeed in making a sufficient stand at Tie Pass to rally the units of the beaten army, but the news now comes that Nogi and Oku have succeeded in driving out the Russian rear guard from this position, which has been strongly fortified since the battle of Liao Yang to form a second line of defence in case a retirement from Mukden was deemed advisable. Vast quantities of stores have fallen into the hands of the conquerors, but, worse still, the railway yards and repair shops are now lost together with great depots of military stores and the Russian army must be correspondingly crippled in all future operations. The rear guard was nearly annihilated and Marshall Oyama is pushing the pursuit with extraordinary vigor, when the great previous exertions of the troops are taken into consideration. He evidently hopes to yet cut off the appreciable part of the main army, and fears are entertained by military experts here that a new movement is developing from the east under General Lawimura which will result in cutting the line at Yung Yang fifty miles north of Tie Pass before Kuropatkin withdraws the bulk of the armies. Should this movement fail the Russians will have ample opportunity to concentrate further north, as the Japs must repair the broken bridges and change the line to fit their gauge before the railway can be utilized for pursuit. Kuropatkin will probably erect a main

line in an easterly direction for the coal mines at Karin Point midway between Tie Pass and Harbin. The country to the north is an open plain and the only possible stand must be at Harbin itself on the Sungari River. Should the Japanese force the Russians from here Vladivostok will be isolated, but this junction is 275 miles distant from Tie Pass and Oyama's line of communications would be necessarily weaker. The next few days will see if the enveloping movement will succeed, which would mean the absolute end of Russian power in Manchuria.

Prince Hilkoff, in an interview today, said he was surprised that Kuropatkin had allowed himself to be drawn into a general engagement at Mukden as he knew the Japanese were in superior numbers by 75,000 men.

Besides, the Russian had Chinese under the guise of bandits to reckon with.

That Kuropatkin was able to evacuate the city with 50,000 men wounded and extricate his army from the meshes of the net set by Field Marshall Oyama, even with the heavy cost in men and munitions, was in the prince's opinion a military feat of the first order.

Baton Hayashi, the Japanese minister in London, in an interview on the subject of peace, said the suggestions to the effect that Japan had officially or unofficially put forward feelers, looking to the conclusion of peace, was absolutely unfounded. "Whatever individuals may say hereafter," he added, "you may regard it as certain that Japan does not mean to put forward peace terms. When Russia acknowledges that she is beaten or expresses her willingness to discuss peace we shall be ready. Until then we shall continue to fight."

The Japanese government is assigning quarters to 43,000 Russian prisoners captured in the recent battle of Mukden. These will be distributed throughout twenty garrison towns.

FRIDAY, MARCH 17th, 1905.

PARLIAMENT.

Ottawa, March 7, 1905.

The Crisis Still on.

The Cabinet difficulty over the educational changes of the North West bill seems no nearer a solution than it did a few days ago. Every one is at sea as to the result and although there is no great excitement there is a great deal of speculative discussion.

Compromise Proposals.

Mr. Sifton's compromise proposals were published in full in the "Globe" of Monday morning. They had been considered by the Cabinet council which was held on Saturday. So far they had not been agreed to by the Government. Other proposals to much the same effect, but differently worded have been suggested, but, so far, no conclusion has been reached.

Ontario Members Caucus.

The Ontario members held a caucus this morning the purpose of which was to consider their position on the matter. It is said that there was some serious heart-searching as between the private members and the Cabinet Ministers from Ontario, but of course, whatever conclusion may have been reached will only become public by the ultimate results.

Bourassa Heard From.

Very little talk is being indulged in by anyone, except a small clique of Quebec members headed by Bourassa, who control the nationalist newspapers of Montreal. While the large majority of the Quebec members expressed themselves as favorable to any reasonable compromise, Mr. Bourassa is emulating the Minister of Justice in consulting himself the champion of the most extreme views in regard to church control of education. It had been suspected for some time that Mr. Bourassa, whose gifts as a speaker and writer are very far beyond the ordinary, cherishes an ambition to supplant the Premier in the affections of the people of Quebec. Although he is by tradition as well as profession a Liberal, being the grandson of Paineau, the leader of the rebellion of '37 in Lower Canada, he opposed very strongly the Liberal views which have always been held by the Premier in regard to matters with which the church is connected. It is suggested that Mr. Bourassa does not take this stand from conviction as much as from desire for personal aggrandizement, which he hopes to achieve with the assistance of the ultra-clerical party, which formerly was the strength of the party led for so many years by Sir John McDonald. Both Fitzpatrick and Bourassa are said to be bidding for the support of that element in the province of Quebec; and the idea is expressed by the Ottawa Journal that the failure to secure acceptance of Mr. Sifton's compromise proposals is because the hope is felt by these gentlemen that the measure as it stands can be carried through the House with the assistance of the Conservative party in spite of the objection of a large proportion of the Liberals. This may be a mistaken view, but it is one of the many that is current at the present time.

Possible Resignation of the Premier.

A possibility is the resignation of the Premier. He has the record of a life-time as a Liberal in all matters, including those in dispute between church and state. His effort has always been towards peace and conciliation. In this case he finds that his efforts at conciliation are futile, he may very well consider that, having failed because of mutual animosities in his Cabinet, it is best for him to retire and let those who will not listen to terms of conciliation fight matters out for themselves. There can be no doubt that Sir Wilfrid's presence at the head of affairs is the security for peace, order and good government in Canada; and that his withdrawal would mean a general re-casting of Canadian politics the end of which no one can foretell. This is probably what Mr. Bourassa and his friends have in view; and they are the more dangerous because they are an enemy within instead of without.

H.B.K. BRAND

BIG SHIRT

Made big enough for a big man to work in with comfort. Has more material in it than any other brand of shirt in Canada. Made on the H.B.K. scale it requires 39 1/2 to 42 yards per dozen, whereas common shirts have only 32 to 33 yards.

That's the reason why the H.B.K. "Big" Shirt never chafes the armpits, is never tight at the neck or wrist-bands, is always loose, full and comfortable and wears well.

Each shirt bears a tiny book that tells the whole history of the "Big" Shirt, and also contains a notarial declaration that the H.B.K. "Big" Shirt contains 39 1/2 to 42 yards of material per dozen.

Sold at all dealers but only with this brand:—

CIVIC REPORTS WITHHELD.

Extract from the city charter,
Title XIII, Section 24.

"Any elector may at all reasonable times inspect any books, records, documents, or accounts in the possession of the secretary, treasurer, including minutes of proceedings of the commissioners or of committees of the council, assessment rolls, voters' lists, poll books and all other documents in the possession of the secretary, treasurer and the secretary treasurer shall within a reasonable time furnish copies of any such document or extracts therefrom to any such applicant at the rate of ten cents per hundred words."

Some time since a preliminary report from the city auditor regarding the financial affairs and accounting system of the city was presented to the city council and left in the hands of the finance committee for report. The report of this committee was presented at the meeting of the council on Tuesday evening, and a digest of it appeared in the Bulletin of the following day. It was learned incidentally that during the time the committee were considering the matter a report somewhat in the nature of a reply to the auditor had been presented to them by the finance commissioner, who, as acting secretary-treasurer, is responsible for the accounting system.

Having published the report of the auditor and wishing to do absolute justice to all parties involved in the case, a representative of the Bulletin yesterday called at the city offices and requested from the acting secretary treasurer copies of his report to the committee and of the committee's report to the council.

Mr. Kinnaird replied that while he personally had no objection to the reports being published, the committee had considered the matter and had decided otherwise, in consequence of which he had no authority to permit publication, that the position taken by the committee was that neither they nor the council had authorized the publication of the auditor's report and they did not wish to be drawn into any newspaper controversy which might be engendered by the publication of the subsequent reports.

The statement of Mr. Kinnaird to a degree relieves him of responsibility and fixes any credit or blame for the retention of these documents on the committee in question, but only to the degree to which an employee is excusable for an offense committed at the bidding of his employer.

The action of the finance committee in declining to allow the publication of the finance commissioner's report to them was probably based on the ground that the report was of a semi-private nature and intended primarily for their examination, but on what grounds the committee presumed to instruct the secretary to withhold a report from themselves, addressed to the council and read in open session, is difficult to ascertain.

Whatever may have been the grounds for the action in either case the fact is apparent that the committee exceeded the powers conferred by the charter. When the commissioner's report was presented to the committee it ceased to be private property, and when the report of the committee was presented to the council it became public property. Both of the reports in question are clearly "documents in the possession of the secretary treasurer," which must be shown to any ratepayer on demand and duplicates of which must be supplied at the prescribed rates.

It is fair to say that the Bulletin representative was freely shown the papers in question after being told that the secretary was not at liberty to allow their publication.

While the purpose of a ratepayer in demanding copies of city documents is no affair of the city council and does not in any degree affect the duty of the authorities to comply to his requests it may be said that the purpose sought by the Bulletin was the very commendable one of throwing all available light on the question of the civic accounts and finances. That purpose has not been altered and on behalf of the ratepayers or the city the Bulletin has made a written demand on the secretary treasurer for copies of the report in question.

SUMMING UP

THE principal features of my Pharaoh Cigar are as follows:

- 1.—Cuban filler—I select from the best grown in the Manicagua district in the Province of Santa Clara.
- 2.—Connecticut Broadleaf binder—the most expensive grown.
- 3.—Clear leaf Sumatra wrapper. I import direct from Holland.
- 4.—I do not work any tobacco until I age it at least three years—then the taste and fragrance are fully developed.
- 5.—Each cigar is rolled by hand, under my personal supervision—I secure in Pharaoh a steady, even combustion and a cool, sweet smoke.

FOR RUMORS OF POSTPONE-
MENT.

Announcement of Amendments to the
School Clauses expected to day and
Second Reading Tuesday.

Bulletin Special.

Ottawa, March 17th—A Govern-
ment announcement as to the amend-
ments to the educational clauses of
the Autonomy Bill is expected to-day.
The second reading will probably take
place on Tuesday next. There is no
foundation for the report that consid-
eration would be postponed to per-
mit of reference to the Imperial Privy
Council.

Marlboros Won.

Bulletin Special.

Toronto, March 17th—The Pat Por-
tagers performed in a disappointing
manner last night in an exhibition
game with the Marlboros, the latter
winning by 7 to 5.

Parent Won Out.

Bulletin Special.

Quebec, March 17th—The Legisla-
tive Assembly this afternoon adopt-
ed a report exonerating Premier
Parent from blame for the recent cab-
inet trouble.

The committee of inquiry adopted
a report declaring that the charges
against Premier Parent made by Sen-
ators Legris and Choquette, are false
and that the administration of the
Crown Land Department by Mr. Par-
ent and his officers always has been
conducted with integrity and honesty
and that no act of favor or partiality
as alleged has been committed.

Monsieur Ritehot, Paring priest
did here this afternoon, aged eighty.
He was a familiar figure in Western
annuals having been here forty-five
years and was a firm friend of the
Indians and Halfbreeds. He was one
of the delegation which went to Otta-
wa in 1870, and was there arrested on
a charge of alleged complicity in the
murder of Scott by Riel, but was
afterwards released. The church has
lost a great missionary light.

Spoke Guardedly

Bulletin Special.

Montreal, March 17th—Hon. Sidney
Fisher speaking at the MacKenzie
Club was in a guarded way in favor
of separate schools. The protestant
ministerial association tonight passed
a resolution against them.

CALCANY'S FINANCES.

From the Albertan:—A special
meeting of the finance committee of
the city council was held last night at
which the members of the council who
were not members of the committee
were present.

The object of the meeting was to
consider the report of the city auditor
and the city solicitor respecting the
overdraft of the city and to adopt
some policy regarding the handling of
that debt.

The city auditor reported that the
overdraft amounted to \$64,000.

After an investigation it was found
that of that amount a sum equal to
\$27,730 could be handled without diffi-
culty.

In this later amount there was \$14,-
500 expended upon a by-law for
which debentures might be sold. In
addition to this \$1,485 had been ex-
pended upon local improvements,
which should be raised as a local im-
provement.

The city has a further asset in the
form of a back taxes of \$7,186 and
\$2,898 of back taxes locked up in city
property unsold. There was also a
sum of \$1,641 which the Dominion
Government had since met.

Of this amount the city solicitor is
of the opinion that about \$12,000, be-
ing amounts spent in excess of ap-
propriations for by-laws, should be
raised by by-law.

This would bring the overdraft
down to the very respectable figure
of \$18,000.

When linen looks like cotton after washing
that is the result of poor soap.

THE WEE STORE

WHAT HO SHE BUMPS!

"I say, Bill, have you seed the
WEE STORE?"

"Well, by Jove now! I thought
the south side of Jasper Avenue had a
vacant look about it this morning.
Guess its gone north with the geese,
eh?"

"Not much! its right there on
the north corner of 2nd Street and
Jasper Avenue west. You know,
Bill, I believe, the WEE STORE is
going to run the Hudson Bay pretty
hard."

"You bet your boots it is."

THE WEE STORE
For Fruit, Confectionary,
and Tobacco,

WANTED.

GOOD AGENTS FOR THE
Oliver Typewriter

IN ALL

UNOCCUPIED TERRITORY

Over 100,000 of these ma-
chines have been sold in the
U.S. within the last few years at
the same price which is being
charged for any other standard
typewriter. This proves con-
clusively that the OLIVER is
the very best machine made re-
gardless of price.

As there is now in Montreal
a factory devoted exclusively to
the manufacture of this machine,
it can be bought in Canada for
the same price at which it is sold
in the U.S. without adding from
\$25 to \$30 to cover duty and
charges, as do all the other
standard writers.

This should be a very attractive
proposition to any purchaser of
writing machines.

APPLY TO THE
CANADIAN OLIVER
TYPEWRITER CO.,
183A T. JAMES STREET,
MONTREAL.

SENT UP FOR TRIAL

ON A CHARGE OF MURDER.

Preliminary Hearing in the Bruderheim Murder Case concluded yesterday.

The preliminary trial of L. Lilgie and H. Hohme, accused of the murder of W. Leslie at Bruderheim in January last was begun at Fort Saskatchewan on Wednesday and concluded yesterday, both men being sent up for trial at the sitting of the supreme court. Gram was arrested some time since in connection with the affair and bound over as a witness.

The charges against the men are separate, that against Hohme being founded on a confession of Lilgie to the effect that Hohme had killed Leslie and that he, Lilgie, had robbed the premises afterward. The case will be tried in Edmonton, either at the regular sitting of the court in June or at a special sitting to be held for the purpose.

C. de W. MacDonald is conducting the case for the crown, O. M. Biggar for Lilgie and J. C. F. Bowen for Hohme.

CONVENTION CONCLUDED

The Epworth League convention of the Edmonton and Vermilion districts was continued yesterday in McDougall Church and concluded last evening. The attendance at the session during the day was fair and a good audience turned out to the concluding session last evening. The chief items at the evening meeting were addresses by Rev. A. Aldridge of Fort Saskatchewan on "Individual work for individuals" and by Rev. James Woodsworth on "The Spirit filled life". Good music has been provided at each of the evening sessions by the choir.

SEPARATE SCHOOLS.

Vancouver News-Advertiser: At the meeting held in this city last week of the Home Missions Committee of the Presbyterian Synod of British Columbia and Alberta, the following protest against the establishment of separate schools in the new North West Provinces was ordered to be forwarded to the Dominion House of Commons:

To The Honorable the Speaker and members of the House of Commons in Parliament assembled at Ottawa:

The Home Mission Committee of the Synod of British Columbia and Alberta, in session assembled in Vancouver, strongly protests against the imposition of any system of separate schools by the Federal government under the proposed Provinces of Alberta and Saskatchewan, either by re-enactment of the clause, or clauses of the North-West Territories Act, relating thereto, or in any other way, and for the following reasons:

Because such contemplated action is subversive of the principle of provincial rights which lies at the basis of our Confederation, inasmuch as it denies to the citizens, as such, of these proposed provinces any voice in formulating their own school system, which is one of the most important agencies in qualifying for true citizenship.

Because it is a direct violation of the principles of equal rights to all, and special favors to none, of the citizens of Canada.

Because, in view of the diverse elements entering into the settlement of the proposed provinces, the provision for separate schools, if logically carried out and fairly applied, would greatly increase the cost of education and also impair the general system, in which we firmly believe, lies to a very large extent the hope of a united, prosperous and peaceful Western Canada.

Signed on behalf of the Home Mission Committee of the Synod of British Columbia and Alberta.

REV. D. G. McQUEEN,
Convener of Synod's Home Mission Committee.

BANK OF COMMERCE
ANNUAL REPORT.

The annual report of the Canadian Bank of Commerce showing the business done by the company during the year ending November 30, 1904, has been issued. Two maps are included in the report, showing the location of the branches of the bank in Manitoba and the territories. The bank had twenty-nine branches in November last. The net profits for the year were \$1,124,973.60. The paid-up capital of the bank is \$8,700,000.

In his address the General Manager said: "Calgary, Edmonton, and the towns lying between are all growing rapidly, the growth of Calgary being the most noticeable, and comparing favorably with Winnipeg, having regard to its previous proportions. Mixed farming and dairying in this district are producing a good class of farmers, and while the crops this year are not more than average, prosperity is evident almost everywhere."

DIED AGED 103.

Lac Ste. Anne, March 14.—Jean Baptiste Letendre, better known as "Old Moosewa," died here on Saturday, 11th inst., at the ripe old age of 103 years. He was blind for the last six years, but otherwise had all his faculties and was all the time ready to spin a yarn of the buffalo days and the stirring events of the old time's glory.

He leaves a widow and grown up family with grand children and great grandchildren in the third and fourth generation, who stood on Monday at the grave.

Synopsis of Regulations for Disposal of Minerals on Dominion Lands in Manitoba, the Northwest Territories and the Yukon Territory

Coal.—Coal lands may be purchased at \$10 per acre for soft and \$20 for anthracite. Not more than 320 acres can be acquired by one individual or company. Royalty at the rate of 10 cents per ton of 2000 pounds shall be collected on the gross output.

Quartz.—Persons of eighteen years and over and joint stock companies holding "free miner's" certificates may obtain entry for mining location.

A free miner's certificate is granted for one or more years, not exceeding five, upon payment in advance of \$7.50 per annum for an individual, and from \$50 to \$100 per annum for a company, according to capital.

A free miner, having discovered mineral in place, may locate a claim 1,500 by 1,500 feet by marking out the same with two legal posts bearing location notices, one at each end of the line of the lode or vein.

The claim may be recorded within fifteen days if located within ten miles of a mining recorder's office, one additional day allowed for every additional ten miles or fraction. The fee for recording a claim is \$5.00.

At least \$100 must be expended on the claim each year or paid to the mining recorder in lieu thereof. When \$500 has been expended or paid the locator may, upon having a survey made, and upon complying with other requirements purchase the land at \$1.00 per acre.

Permission may be granted by the Minister of the Interior to locate claims containing iron and mica, also copper, in the Yukon Territory, of an area not exceeding 160 acres.

The patent for a mining location shall provide for the payment of royalty on the sales not exceeding five per cent.

Placer Mining. Manitoba and the N. W. T., excepting the Yukon Territory.—Placer mining claims are generally 100 feet square, entry fee \$5.00, renewable yearly. On the North Saskatchewan river claims for either bar or beach, the former being 100 feet long and extending between high and low water mark. The latter includes bar diggings but extends back to the base of the hill or bank but not exceeding 1,000 feet. Where steam power is used, claim 200 feet wide may be obtained.

Dredging in the rivers of Manitoba and the N. W. T., excepting the Yukon Territory.—A free miner may obtain only two leases of five miles each for a term of twenty years, renewable in the discretion of the Minister of the Interior.

The lessee's right is confined to the submerged bed or bars of the river below low water mark, and subject to the rights of all persons who have or who may receive entries for bar diggings on bench claims, except in the Saskatchewan river, where the lessee may dredge to high water mark on each alternate leasehold.

The lessee shall have a dredge in operation within one season from the date of the lease for each five miles, but where a person or company has obtained more than one lease, one dredge for each fifteen miles or fraction, will be sufficient. Rental \$10 per annum for each mile of the river leased. Royalty at the rate of two and a half per cent. collected on the output after it exceeds \$10,000.

Dredging in the Yukon Territory.—Six leases of five miles each may be granted to a free miner for a term of twenty years, also renewable.

The lessee's right is confined to the submerged bed or bars in the river below low water mark, that boundary to be fixed by its position on the first day of August in the year of the date of the lease.

The lessee shall have one dredge in operation within two years from the date of the lease, and one dredge for each five miles within six years from such date. Rental, \$100 per mile for first year, and \$10 per mile for each subsequent year. Royalty same as placer mining.

Placer Mining in the Yukon Territory.—Creek, gulch, river and hill claims shall not exceed 250 feet in length measured on the base line or general direction of the creek or gulch, the width being from 1,000 to 2,000 feet. All other placer claims shall be 200 feet square.

Claims are marked by two legal posts, one at each end, bearing notices. Entry must be obtained within ten days. If the claim is within ten miles of a mining recorder's office. One extra day allowed for each additional ten miles or fraction.

The person or company staking a claim must hold a free miner's certificate.

The discoverer of a new mine is entitled to a claim of 1,000 feet in length, and if the party consists of two, 1,500 feet altogether, on the output of which no royalty shall be charged, the rest of the party ordinary claims only.

Entry fee, \$10. Royalty at the rate of two and one-half per cent. on the value of the gold shipped from the Yukon Territory to be paid to the Comptroller.

No free miner shall receive a grant of more than one mining claim on each separate river, creek or gulch, but the same miner may hold any number of claims by purchase, and free miners may work their claims in partnership by filing notices and paying fee of \$2.00. A claim may be abandoned and another obtained on the same creek, gulch or river by giving notice and paying a fee.

Work must be done on a claim each year to the value of at least \$200.

A certificate that work has been done must be obtained each year; if not, the claim shall be deemed abandoned and open to occupation and entry by a free miner.

The boundaries of a claim may be defined absolutely by having a survey made, and publishing notice in the Yukon Official Gazette.

Hydraulic Mining. Yukon Territory.—Locations suitable for hydraulic mining, having a frontage of from one to five miles, and a depth of one mile or more, may be leased for twenty years, provided the ground has been prospected by the applicant or his agent; it is found to be unsuitable for placer mining, and does not include within its boundaries any mining claims already granted. A rental of \$150 for each mile of frontage and royalty at the rate of two and one-half per cent. of the value of the gold shipped from the Territory are charged. Operations must be commenced within one year from the date of the lease, and not less than \$5,000 must be expended annually. The lease includes all base metals, quartz and coal, and provides for the withdrawal of unopened land for agricultural and building purposes.

Petroleum.—All unappropriated Dominion lands in Manitoba, the Northwest Territories and within the Yukon Territory, are open to prospecting for petroleum, and the Minister may reserve for an individual or company having machinery on the land to be prospected, an area of 640 acres. Should the prospector discover oil in paying quantities, and satisfactorily establish such discovery as an area not exceeding 640 acres, including the oil well and such other land as may be determined, will be sold to the discoverer at the rate of \$1.00 an acre, subject to royalty at such rate as may be specified by order-in-council.

Department of Interior, Ottawa, September, 1903.

JAMES A. SMART
Deputy Minister of the Interior,

ONE of the advantages of the Cuban tobacco I procure, is that it is almost entirely cured by nature.

The climate is so hot that the tobacco sweats naturally—the leaf is ripened uniformly and the subsequent process of curing is greatly promoted.

With the expert attention the leaf receives in Cuba it is pretty thoroughly cured and preserved—and its fragrant aroma developed by having been slowly fermented. I allow it to remain in my warehouse from 2 to 3 years, until it has sufficiently aged and has that mellowness that age alone can give. It takes a lot of study and experience to know when Havana tobacco is just right. Parach tobacco is always just right.

CITY GOVERNMENT:—

Mayor, K. W. MacKenzie; Aldermen, C. May, K. A. McLeod, W. H. Clark, D. R. Fraser, J. R. Boyle, T. Bellamy, J. H. Picard, W. A. Griesbach.

Conveniences:—Waterworks, sewer systems, telephone system, electric lighting system, all owned and operated by the city.

Board of Trade:—President, J. H. Morris, Secretary, F. E. Tims.

Immigration Officer:—C. W. Sutter.

Educational Institutions:—Public and separate schools, high school, Alberta College.

CHURCHES:—Roman Catholic, Anglican, Presbyterian, Methodist, Baptist, German Baptist, Lutheran, Salvation Army.

TRAIN SERVICE:—Leaves for Strathcona 7.45 and 15.30. Arrives from Strathcona 9.15 and 11.50.

LOCAL

—Train on time.

—The Calgary hockey team went south to-day.

—Green ribbons are the order of the day.

—St. Patrick's day services were held in St. Joseph's church this morning.

—The Dawson City and Victoria hockey team play in Winnipeg on Monday.

—The St. Andrews Brotherhood held a very successful meeting last night in the school room of All Saints church, about thirty being present.

—The stores and many other business places are closed this afternoon to allow employees to attend the celebration.

—A shower of rain last evening was something of a novelty, for the season. A fairly heavy frost occurred during the night and this morning broke fresh and mild.

—Revillon Freres have a window appropriately and tastefully decorated in honor of St. Patrick's day. The design is the Irish harp with a graceful operator in the foreground.

—A special meeting of the driving club will be held in Alex. May's office this evening. Every member and others interested are urged to be present.

—Messrs. N. D. Mills, John Carmichael and Chas. Bileotta of the Strathcona Orange Lodge, returned last night from attending the county lodge in Moosejaw.

—R. Williamson returned last night from Calgary, where he delivered a car load of fat cattle to Pichey of Lethbridge. The cattle averaged 1600 each.

—Regina Board of Trade has forwarded to Walter Scott M. P., a petition to Parliament against the lumber duties, and one in favor of guaranteeing the C. N. R. bonds from Hartney to Regina. Each petition was signed by over 300 names.

—The following from the Regina Standard relates to a former Edmonton man: "A special meeting of the city council was held Monday evening for the purpose of considering the appointment of an assistant to the secretary-treasurer and other business that might come before the meeting. After some suggestions by the aldermen present, J. H. Sheddou was appointed to the position at a salary of \$65 per month.

—London, March 11.—Among the seekers for information calling today at the Canadian immigration offices, was one producing a pamphlet containing a notice to emigrants to be aware of handshakes. He enquired what kind of animals they were and what kind of a gun should he take out. Another who seeks a position in a college in Eastern Canada desired to know if furniture could be purchased in Canada.

—Probe: Fair and mild today and Saturday.

AGRICULTURAL INSTITUTE
MEETINGS AND LIVE STOCK
JUDGING SCHOOLS

Will be held under the auspices of the Territorial Department of Agriculture and the local agricultural society at the following places:

Strathcona	Mar. 18, 8 p.m.
Fort Saskatchewan	Mar. 20 & 21.
Edmonton	Mar. 22 & 23.
Wetaskiwin	Mar. 24 & 25.
Ponoka	Mar. 27, 2 & 8 p.m.
Lacombe	Mar. 28 & 29.

The two day meetings will be Stock Judging Schools at which animals will be used at the morning and afternoon sessions to demonstrate desirable and undesirable conformations. Score cards will be used to teach the value of the different portions of the animal.

The speakers will be:
J. Standish, V.S., Walkerton, Ont.
C. M. MacCrae, Ottawa, Ont.

Who will speak on live stock topics using living animals at the stock judging schools, and if opportunity offers, are prepared to use them at the afternoon sessions of any institute meeting.

All persons interested are respectfully urged to attend. Young men should not miss this opportunity, by 54-55 cts.
